To Our Friends at the Canada India Foundation,

On behalf of the staff at St. Joseph's Healthcare Hamilton, we would like to convey our most sincere thanks for your generous donation of 1,200 meals that were individually packaged and thoughtfully prepared for our frontline workers. Your donation is so appreciated by our essential healthcare-providers as they work tirelessly to care for our community and for all those affected by the COVID-19 virus.

Our thanks go out to the team at Tamarind Modern Indian Bistro as well for their efforts to prepare these vegetarian meals for all to enjoy. Donations like yours truly mean the world to our physicians and staff. Not only will these meals provide much-needed nourishment and energy to our evening and night shift staff, but they will also remind our team that the bravery and compassion they show every day, around the clock, is deeply appreciated by so many.

We hope that the members of your organization are staying safe amidst the pandemic and we admire the similar donations you have made to other local hospitals and care centres across the Greater Toronto Area. We look forward to acknowledging your very generous donation on our Hospital's social media channels and we will be sure to tag your organization so that you may like and engage with these posts.

St. Joseph's Healthcare Hamilton has been caring for our region for 130 years, and we will see our communities through this pandemic, too.

With sincere thanks for your kind donation,
