Dear Mr. Shah:

On behalf of the Board of Directors and staff of the William Osler Health System and our foundation, please accept my heartfelt thanks and gratitude to everyone at the Canada India Foundation for the very kind donation of delicious meals for Brampton Civic Hospital, Etobicoke General Hospital and Peel Memorial Centre.

These last few months have been arduous for our staff, and they were grateful to be recognized and excited to receive such delicious food. Thank you for your commitment to our community. It is because of organizations like yours that William Osler Health System is able to provide exemplary healthcare close to home.

We thank you once again, and hope to continue to develop our partnership and build on your history of support. Together we will continue to go beyond to provide high quality care for our patients and their families.

With gratitude,

Ken Mayhew
